CROWN COLONY CONTRACTS.

Where the Responsibility Lies.

The London correspondent of the "Straits Times" writes :- It is one of the privileges, or duties or rights, or wrongs, or whatever they may be called, of the Crown Agents, to sign the contracts Crown Colonies. The reason for this arrangement is 'obvious. The Crown Agents are-I might almost say, by divine right-the Agents of the Crown Colonies, and, therefore, become the legal representatives of those Colonies in such matters as a bond or contract, and, as Agents in that capacity, are entitled as the expression has it, to all the kicks and ha'pence, which may accrue on each transaction.

Some people may suppose that the Crown Agency is a sort of charitable institution, and that, therefore, the Crown Agents should do the work for nothing. Let me assure these people that the Crown Agency is nothing of the sort, but rather a money making concern, on somewhat of the same footing towards the Colonial Office as that of the outside broker towards the Stock Exchange, and the very personification of the axiom "the labouror is worthy of his hire." It is on this ground that the Crown Agents, may I say, condescend to accept commission calculated accurately, or inaccarately-the Crown Colonies nove know-by a reference to a modest, or immodest, personal estimate of the value of their services -- services, indeed, which Crown Colonies by these Agents' Colonial Office backers, without the unfortunate Crown Colonies being considered or consulted in the least, and sometimes, as in 816 the case of the flotation of the recent Straits Settlements Loan, in opposition to the expressed wishes of the Colonies.

AUTOCRATS IN OFFICIALISM. Again, some people suppose that, as the Crown Agents take all the halfpence, they should also receive all the kicks and come in for all the blame when a contract pans out badly for a Colony. Yet the supposi. tion is not quite fair to the Crown Agents, as I may show them. As the Grown Colonies are compelled to take the Crown Agents as agents in respect to contracts, so must the Crown Agents sign all the contracts handed to them, although they may have never tested or even seen the estimates, and so forth on which some of these contracts may be framed. Contracts, that may result in hideous and quite unnecessary losses to Crown Colonies, are sent from Downing Street across the street to White-Please sign, seal, and return at once; the autocrats at Whitehall Gardens bow humbly to the superior autocrat in Downing Street, and, appending their valuable signatures to these tragically interesting documents, bind the unhappy Colonies to the chariot

Where the Crown Agents perform all the necessary operations, to the full satisfaction of their own expert knowledge in such matters, and then proceed to draft and sign a contract, they are, of course, morally, as well as actually, responsible for any blunder they may make. In the other 735. cases, to which I have referred, where nothing comes before them except the 含管 KUNG VIK GODOWNS. 無公 contract, they are certainly not responsible, morally, for any lapse in judgment or arithmetic; and the kicks, if any are to be administered, should be dealt to the Secretary of State with precision and adroitness by the suffering Colonies. difficulty, however, arises from the impost after continued under the name of the sibility, to discover, for which contracts the Crown Agents are morally responsible, and for which no moral guilt attaches to them They themselves, as must always be the case in a creature's relations with its creator, are unable to turn round upon the The Kuno Yik Gopowns, Agents The Secretary of State and denounce him, and consequently they observe as much silence (Continued on Page 3.)

on the subject as about their commissions and assorted perquisites. PRIVATE BUSINESS CONCERN.

The Secretary of State is equally reticent, whenever anything disagreeable happens, and, apparently, intimates with grim humour that, as the Grown Agents take all the ha'pence, they should take the kicks as well. Moreover, it must be borne in mind that the Crown Agency not a State Department, but to all intent and purposes, a private business concern. Therefore, if a Crown Colony's contract forms the subject of a question in the House of Commons, the representative of the Colonial Office has really nothing official to defend. All contracts are signed by the Crown Agents; the Crown Agents, whatever else they may be, are not on the staff of the Colonial Office; and, therefore, Downing Street is not responsible for a contract signed by Whitehall Gardens. But, who then is responsible The Crown Agents. But, how can we get at the Crown Agents? Go to law and—be non-suited; only the injured party, the Crown Colonies in this instance, can to the plaintiffs in such a suit, and, without the Secretary of State's permission, which they will never get, the Crown Colonies cannot proceed against their Agents. Moreover, they cannot get rid, of them. Colonies, which are called sof governing, can go rid of an incompatent, or unsatisfactory, o unsympathetic agent, but in the case of the Crown Colonies no such liberty and independence exist, and the Crown Agents like the poor, are ever with them.

### FLOODS IN JAPAN.

#### Widespread Devastation.

A Tokyo message states that Their Majesties the Emperor and Empress feel pro found sympathy with the sufforers from the recent storms and floods. They are reading all the reports of the disasters with close attention.

It appears from the Japanese papers that ...Fl. 45,000,000 (£3,750,000). Tokyo suffered greatly from floods in consequence of the storm. The banks of the Arakawa gave way with the result that all houses in the vicinity were flooded, muddy water in some cases extending right up to

The vermentar press publishes length reports of heavy damage in many town and villages, involving great loss of life and property. It is even alleged that Fukuchiyama seventown hundred përson lost their lives by drowning, but this repor is given by the Japanese paper with

It is reported from-Takasaki, Gumm prefecture, that a mountain landslide o curred in Tano District, on Sunday, fif charcoal burners being buried alive. The message also states that there was also mountain slide at Kosaka Mura, Kita Kaura District, on the same day, one mabeing killed and nine others injured.

MANCHU AND CHINESE. Goods per Manchuria undelivered after Some few weeks ago the Government of China made a mild sensation among those who are interested in her politics by suggesting that it was the purpose of the Empress Downger to do away with the distinctions between th Manchu and the Chinese, and, in all appointments, to elevate those to positions of trust, both in the army and civil life, who were most worthy, without distinction of nationality. What reality there may have been in this intention we need not stay to inquire. The earliest to make an assault on this stronghold of paganism were the Nestorians, the conversion of China to Christ is indispensable to the fulfilment of His Great Commission.

Do I detruct from the glory of Morrison, when I remind his admirers that he was not the first to attack this fortress of the new weapon and a new tactic such as give us the assurance of ultimate victory? His predecessors were not indeed unacquainted with that invincible weapop; but they either lacked faith in its efficacy, or they were destitute of the kind of train. ing which was necessary to enable them to

employ it with proper effect. The Jews who came by way of India in the Han dynasty and established many synagogues brought the Old Testament; but they enshrined it like an idel, and kept it carefully wrapped in the rolls of their Hobrew manuscripts. A solitary stone on the site of their last synagogue, at Kai Fung Fu, on the lower course of the Yellow River, remains as the epitaph of a buried

The Nestorians brought with them both the old and the new Testament but they kept them sealed up in the language of Syria; and a similar stone at the old capital on the upper waters of the same river tells the same melancholy story. ## Lai Chi Chin's Obligations.

Some time ago an action was tried before His Honour Mr A. G. Wise (Puisne Judge) to determine whether Lai Chi Chin was a partner in the Tak Lee Leung and the Puisne Judge found that he was. The action arose out of a claim for money lent to Lau Hing Ping, a partner in the Tak Lee Leunz, and immediately after judgment had been given against Lai Chi Chin a series of writs were issued against the firm. In seven cases, aggregating \$6,343.97 judyment was given against the firm, and then Lai Chi Chin appealed to the Full Court

This morning in the Summary Court there were twenty-six actions against the firm, the total involved being \$14,777.89. Mr J. H. Gardiner appeared on behalf of Lai Chi Chin and suggested that all the actions might be adjourned sine die, pend-The sad and sudden death on Sept., I of ing the result of the appeal, and on Lai Monday.

The Puisne Judge-And costs?

Mr Gardiner-Yes. The Puisue Judge-Well, I'll do that if of the appeal going against you you will consent to judgment.

Mr Gardiner-No. We would like to have a chance of fighting these cases. The Puisne Judge-I'm not going to

hear twenty-six cases. Mr Gardiner-It is a question whether the firm owes these amounts or not. The money may have been lent to Lau Hing

The Puisne Judge-I'll take them on Monday, one after the other. If you are afford to be without it." For sale- by going to fight them all I'll adjourn till next Christmas and have security posted.

# THE HOTEL COLLAPSE.

### Continuation of the Enquiry.

The enquiry into the deaths resulting from the collapse at the Hongkong Hotel was continued at the Magistracy thi afternoon before Mr F. A. Hazeland and

jury of three. Mr G. Blood stated the pillars would have to carry a dead weight of 140 lbs to the square foot - about 40 tons to each pillar. The new electric lifts commenced running the day before the ing Manchuria Yuan Shih Kai has collapse, but there was no vibration. engine room was in the old part of the building; there was vibration there, but not much. The day of the collapse some shoring was taken down under

witness' supervision. To Mr Looker-Blue-brick pillars are to be found in many buildings here. It was customary years ago to build the first wall and pillars of blue-brick, and there are many three-storied buildings of blue-brick still existant. The best quality blue brick is better than the red brick; but are only used to a small extent here. It is not permissible under the Building Ordinance to use blue-bricks for walls if there is a

storey above it Mr Looker What did you mean whos you said, the other day, that the pillars were architecturally wrong 2-They are wrong according to present day standards, You refer to the Building Ordinance

Continuing, witness said he had examin ed the blue bricks forming the pillars of the collapsed portion; they were much above average quality. Parts came away loose, but the majority came down in big blocks. The crack he saw in the fourth pillar was at least one; two or five years old. The work being carried out north the collapse could not affect the stability of the portion which collapsed. The main walls of the building where the collapse took place were composed of blue-brick, and the shock of the collapse would put severe strain on those walls, but they showed practically no strain at all. Any vibration caused by the working of the engines in the main building would not effect the pillars in the east building. There was a thunderstorm at the time of the collapse and during storms buildings are subject to perceptible tremours, which are calculated to try their stability. The storm was in my opinion, said witness, a factor

causing the collapse. To Mr Morrell--Under any aircumstances I would not build pillars of blue

Mr Morrell-In your annual report did you refer to the pillars being made of bluecrick ?-The report is not made up yet. Mr B. L. Is that a large or small percentage ?-

One of the pillars, continued witness, did not seem to have broken at the weakest place, and from that it occurred to him that in putting down the floor the workmen may have cut into the base of the pillar. The average crushing strength all the fight and fettle and interest in

E. A. HEWETT,

#### BOMB THROWING,

WASHINGTON, August 28. A homb was thrown at Scoretary Cortelyou to-day. The explosion caused great confusion and one clerk was injured. The secretary had a very narrow escape. It is thought that the perpetrator was led to the dastardly deed by the sharp criticisms that have been heaped upon Secretary Cortelyou by the radical and socialistic press for his recent transactions with the banks and Wall Street in his effort to allay the panie that has been impending for the last few weeks on the stock exchanges.

#### A COCK FIGHT IN A DRAW-ING ROOM,

It were surely enough to make a Parisian lady of the old time turn in her grav could she learn that her descendants, to create a sensation for an afternoon, could turn to the wretched and ornel display of cock fighting. A report of a cock fight which took place in a drawing-room in the Rue Copernic has been published. It was a sensational event. The birds belonged named Vessel are hereby informed to two men well known in the best Parisian society. One of the birds was valued at When the birds entered the ring the room was full of men and women in evening dress. The cocks were steel spurs. Feathers flew in every direction, and drops of blood found their way on the beautiful toilettes of the fashionable spectators. The fight lasted a long time, and resulted in the £1,000 cock being killed. His blood, says the report, bespattered lady's fair neck.

### HUGE SLATE QUARRY.

#### A Formosan Asset.—

It is reported that the slate quarry which was discovered at Soo, Formosa, January of last year, has proved to be of great promise, the slate extending over one ri (2.44 miles.) The daily output at present s only 10,000 pieces, but this will be increased to 50,000 on the completion of the inetallation of thirty sets of excavating machinery invented by Messrs. Shinod zuka and Co. Notwithstanding the of the demand this material, Okachi, in Rikuzen, has hitherto been the only slate-producing district in the Empire, and the monthly output there is only 50,000 pieces. A certain quantity of slate has consequently had to be imported from Germany. The discovery of the g eat quarry in Formosa tion with above Steamer, are hereby inform- will, it is expected, not only make ed that their Goods, with the exception Japan self-supporting in the matter, but of Opium, Treasure and Valuables, are also enable her to export slate to Corosi being landed and stored at their risks and Manchuria, and elsewhere. Messrs into the hazardous and/or extra hazar: Shinodzuka and Company have already received orders from Manchuria and the LOON WHARF and GODOWN COMPANY, LTD., Peninsula to the amount of Y40,000 at Kowloon, whence delivery may be ob. and negotiations are said to be now in pro- Ospons, Large, Small, -S gress between certain forcing merchants at Kobe and the company with a view to experting 6,000,000 pieces for roofing and Doves,-Pan Kau signess before Noon, To-DAY, requesting 4,000 for billiard tables, the estimated value being about Yen 500,000, ton foreign Ege, Hen-Kai Tau... Bills of Lading will be countersigned by country. The total value of the slate in the Undersigned, and Goods remaining the quarry is put at Yen 100,000,000. #### AN UNFORTUNATE JOURNALIST.

Some time ago a journalist, who had been a war correspondent, and was now a "apecialist," sat disconsolately sipping whisky in a London West-end café, A friend who joined him made anxious inquiry as to the cause of the distinguished scribe's woe. He was only told after a few drinks. The correspondent's tale was very sorrowful :-- "I've been told off," he said, "to do General Booth's motor-tour for the paper-five weeks on his car, start at six in the morning, three or four meetings daily, and not a drop to drink." Yet some people think a journalist has a good time all the year round. The unfortunate gentloman whom this anecdote concerns is now known among his confreres as the "Holy War" correspondent, which shows that some of them have read Bunyan.

#### WOMEN WHO RISK THEIR LIVES.

By Disregalding Nature's Danger Signals Should Take WARNING FROM THE CASE OF THIS RANGOON LADY

BUR IS NOW CURED THANKS TO DR. WILLIAMS' PINK PILLS

TOAIN is Nature's danger signal; it is the warning which Nature gives us that something is wrong. Many women are afflicted with pairs for which, as it seems to them, there is no accounting. They should be well, yet they are ill; they should be happy yet they are misorable. Such was the case of Mrs. H. Swaine, of 31 Lawis Street, Rangoon, just after the birth of her baby, and the position was an awkward and apparently hopoless one, for neither Hospital treatment, nor anything else she tried brought the much longed for relief. That she owes the radiant health also enjoya to day to Dr. Williams' Pink Pills for Pale People Mrs. Swaine thankfully acknowledges, as thousands of other gratoful women, cured by this world femous. medicine, bave done before her. The story of this lady's cure, as told by horself, is a particularly interesting one.

"After boby came I grow you pale and thin ", Mrs Swaine explained. Indiges. tion began to trouble the badly. I had severe headsches, prins in the backfand legs, cramps all over the body. My bands and feet were always cold. The least thing I did I felt thed out, yet I rould sloop but little, and when I dul revers was distorted by maplement dreams.

Mrs. H. Smaine of Rangeon (from a photograph) It ha here tells hore Dr. Williams' Pink Pills cured her, after Hamital treatment failed.

"I obtained medical advice, but as no good resulted I went to Hospital and had treatment there. Still my ill health continued, and, at last, at the suggestion of my husband, I tried Dr. Williams' Pink Pills for Pale People. Soon I began to feel the good effects of Dr. Williams Pink Pills. With the first bottle my appetite improved and I felt my strength returning. By the time I had used three bottles I was quite well.

"Since then I have had no need to take medicine of any kind; my digestion is excellent, the headaches and back pains have coased, I sleep well and feel well. Whereas before I was always very pale and thin; since taking Dr. Williams' Pink Pills my weight has increased and I have a good colour in my cheeks. Every one who knows me remarks how well I am looking and I always tell them that Dr. Williams' Pink Pills are the cause. You have my permission to make whatever use you like of what I have said."

case was that her blood supply was im- MATHESON & Co. povorished and weak. When Dr. Williams' Pink Pills for Pale People, the greatest Blood-Tonic known, purified and built-up her blood then her system rapidly, recovered strength, and health and vigour were restored. Most sickness is caused by bad weak blood; it is because of their remarkable health-restoring action through the blood that Dr. Williams' Pink Pills cure. They are the proved remedy for Indiges- H. C. A. Petersen, from Shanghai. - G. tion, disordered Liver, Hondaches, Ameria, Rheumatism, Early Decay, Paralysis, Beri-beri, Scrofula, Boils, Pimples, and the after effects of Fevers, Dysentery and Chills. To ladies between youth and middle-age they have a special value. Obtainable at most shops where medicines are sold, and also from the Dr. Williams' Medicine Co., Singapore, 1 bottle for \$1.50 or 6 bottles for \$8, post free.

Child Suffered Three Years From Running Eczema of Head-Doctors' and Chemists' Prescriptions Fail - Head Now Clean and Free From Sores-In Three Weeks

#### **CUTICURA EFFECTED** A MARVELOUS CURE

"It is with much pleasure that "It is with much pleasure that I write to inform you of the successful result of the use of Cuticura Soap productions Ointment, which I used for a running occurs on my child's head being the after result of ringworms. I have had lotions from the doctors, also from different chemists, but they did not have any effect on it. But after constantly washing the child's head with Cuticura Soap for about three weeks and using about half a box of Cuticura Ointment. I am pleased to Cuticura Cintment, I am pleased to say that my child's head is now per-fectly clean and free from any sores, which I must say seems a marvelou cure after three years' suffering, shall be pleased to recommend ti Cuticura Remedies to any one.
